

Positions for Ph.D. or M.S. students

The lab has graduate research positions available for students interested in chemistry or biology. Candidates can choose any one of the areas in my research group. If you are interested, please contact Prof. Xu via e-mail.

Email: xuyan@med.miyazaki-u.ac.jp

Position opening for Postdoctoral Research Fellows

We are seeking highly motivated postdoctoral researchers with a strong background and a proven track record in bioorganic chemistry, nucleic acid chemistry, structural biochemistry (NMR) and molecular biology. If you are interested, please send in your CV and research summary to Prof. Xu at xuyan@med.miyazaki-u.ac.jp
